Brighton Mitre Hill Climbs

Saturday 9 October 2010

More hills, and In Gear were on top of them. Pete Tadros of In-Gear Quickvit Trainsharp set a new course record on Saturday morning's trip up Steyning Bostal, finishing in 3.55.7. Chris McNamara of Team Corley set the early pace with a cracking 3.59.8 but scratchman Tadros got word of Chris's time beforehand so pulled all the stops out. Third place was hotly contested with Will Manger edging out In Gear club mate Conall Yates by just 0.1 secs (4.08.4 to 4.08.5). Ishmael Burdeau (Agiskoviner.com) rounded out the top 5 with 4.14.5, a 13 second improvement on his time from the SCA event the week before.

Natasha Fuller of Lewes Wanderers convincingly won the ladies event with 6.00.3.

The promised sunny weather finally arrived for the afternoon event on the other side of the Adur valley. Unfortunately this is a very exposed road and the strong NE wind seriously dented everyone's times. Tadros had earlier predicted a winning time around the 7.30 mark but this was not to be.

In something of a surprise, Will Manger convincingly got the better of Tadros, finishing in 8.30.7. Tadros was 5.2 seconds behind on 8.35.9 and Conall Yates made it an In-Gear hat trick to claim 3rd with 8.36.6. Ishmael Burdeau moved up a spot to 4th with 8.58.1, narrowly edging out Mike Coyle of Brighton Mitre who finished 5th with 8.58.3.

With no other ladies to contest against, Natasha Fuller added to her morning's efforts to claim the top ladies spot with 12.04.6

Brighton Mitre Hill Climb Results
