## 2013 Sussex Championship Points Competition

The Sussex championship points competition is open to all first claim members of SCA affiliated clubs. There is no need to register for the competition as any qualifying ride by a member of a SCA affiliated club will automatically be recorded.

The competition consists of a series of seven Sussex championship events – 10 miles, 25 miles, 30 miles, 50 miles, 100 miles, 12 hour and hill climb.

For each qualifying event ridden you will be awarded points based on your position in that event in relation to other riders from SCA affiliated clubs – 20 points for first place, down to 1 point for 20th place – riders who are not from SCA affiliated clubs will be disregarded in the points allocation. Any number of events can be ridden – the more events you ride, the more points you are likely to get.

**The competition is decided on the highest number of points totalled from the seven qualifying events.**

## 2013 Sussex SPOCO Competition

All first claim members of SCA affiliated clubs are automatically included in the Sussex SPOCO. The competition is decided on your best six qualifying rides which must include one short, one medium, one long distance and other three rides from any of the distances

The competition consists of a series of 27 sporting type events broken down into three categories – Short, Middle and Long distance. For each qualifying event ridden you will be awarded points based on your position in that event – 120 points for first place, down to 1 point for 120th place. **The competition is decided on your highest scores from six qualifying events which must include:**

1 x Group A – Short Distance

1 x Group B – Middle Distance

1 x Group C – Long Distance

**And any other three events from any of the distances**

- Any number of events can be ridden as your best placing(s) in each category will automatically count towards the competition.
- Times are of no consequence as it's your position on the day that counts.
- Starting at 120 points for the winner, and reducing by 1 point per position, means the fewer riders there are, the more points you are likely to get.
