Thank you to everyone who helped to make the event run smoothly and made it an enjoyable race for everyone.

Well done to Seb and Charlie (...a3crg) on winning the 2 Up event, and to Paddy and Eva (...a3crg) for being the fastest mixed pair.

Congratulations to Simon McNamara (South Downs Bikes) for winning the Solo event, although it was very close between him and Daniel McCarthy (VC Meudon).

Well done to Lesley Walkling (VC St. Raphael) for being the fastest women and congratulation to Graeme, Matt and Darryl (...a3crg) for winning the team award.

Congratulations to all the other prize winners.

I hope everyone enjoyed the course and found it challenging in a different way from a usual TT?

I know many of you appreciated the course change to include Museum Hill!

Museum Hill has been used before, in 2001 when the event was run by Rother Valley CC and it was part of the RTTC/Rudy Project TT Series, Michael Hutchinson won and Matt Botrill was second. The start and finish were in different places then though so their times aren't directly comparable.

There was a considerable increase in the size of the field this year, I'm not sure why this was but I'm glad this was the case and I think the added element of the 2 Up TTT helped.

Thank you for taking part and we look forward to seeing you at other events throughout the year.

A list of ...a3crg events can be found on our website and also in the CTT handbook and website.

Kind regards,

John Glaysher (...a3crg)
