

Bognor Regis Cycling Club

Presents the Result of the Dave Palmer Memorial '10' held on 7th July 2016

Many thanks first of all to all the helpers and supporters who made this a successful and safe event. Congratulations also to all the Award winners who produced a very fast set of times. Six riders under 20 minutes was a great result and shows that the new tarmac has paid dividends! Following the investigation of two counts of 'dangerous riding' I have decided to let the result stand and no further action will be taken. Each year we take more precautions to try and make this a safe event and not to upset the Police and other road users. This is always a fine balance but I am pleased to say that the event itself passed off with no major incidents although a few riders were baulked at roundabouts for which I'm afraid we can do very little.
