Welcome to The Goodwood Classic Hilly Time Trial

Thank you for entering our event and we trust you will have a safe and enjoyable ride over the roads used for the 1982 World Championships.

We suggest you do not use light tyres or tubulars as there is a greater than normal risk of puncturing in the country lanes.

IN THE INTERESTS OF YOUR OWN SAFETY

You are advised to use a flashing rear light especially if the weather is overcast and visibility is poor. Many of the narrow lanes used for this event are lined with high trees.

You are also reminded that Event Promoters have been instructed by Cycling Time Trials to issue a formal written warning to any rider observed riding in a manner which may jeopardise your own safety, the safety of others and the future of the sport. Please take care in the narrow lanes.

Spectators and supporters are particularly welcome. The Goodwood Classic is a unique Time Trial in that there are several vantage points around the course for seeing and encouraging riders. However spectators and supporters are requested not to park or stop vehicles or otherwise impede the visibility for marshals and riders at junctions and crossroads. It is particularly important that both riders and marshals have a clear, unobstructed view at Pilleygreen Lodges crossroads where riders will travel in three directions during the event.

If you have to drive rather than cycle to see the event, please think before you stop or park.

No following cars please. Regulation 22 will be strictly enforced in the interests of safety for other riders in the narrow lanes used for the event. .

Your times will be relayed to the Headquarters and no times will be given to riders or their supporters by the Timekeeper at the Finish.
