### **Organisers Report**

The sunny warm weather that was hoped for did not materialise and we had a damp and cool morning. So still awaiting that first fine Spring day.

Considering the conditions only a couple of pairs were DNS. Crawleys WIs pairing of Emsby and Smith brushed off the damp conditions to record a highly creditable 1:00:48 one of the fastest winning times for the course, within 60 seconds of the current course record set on a somewhat dryer day.

Notable mention also go to the Worthing pairing of Cheesman and Booker who cleared up 3<sup>rd</sup> place, vets on Std and also best matching pair. Congratulations to you both.

Also its worth noting the best composite team and second placed team were all on road bikes showing well Really well against the TT bike teams.

### **Huge Thanks to..**

The event can't happen without a team of willing volunteers. I'd like to thank in no particular order;
